from their
own income
49%

**For purposes of the Missing Meals study the population in need was presumed to be those living at less than 185% of the Federal Poverty Level. In New Mexico a family of 3 with an average income of \$31,000 or less meets these guidelines. Detailed methodology for the study available upon request.

Funding for the Missing Meals study provided by the New Mexico Collaboration to End Hunger with in-kind support from Roadrunner Food Bank. Data collection by Bevin Moon, MS, with consultation from Maurice Moffett, PhD. Fall 2010.
